Mail Stop Amendment  
Commissioner for Patents

September 22, 2006

Dear Sir:

In response to the Non-Final Rejection mailed March 22, 2006, Applicants submit the following response. The Office Action Summary sheet, page 1 of the rejection, indicates the Rejection was Non-Final but the end of the office action indicates that the rejection is final. This apparent contradiction appears to contain a typographical error. The USPTO PAIR records indicate the rejection is Non-Final and therefore the paper is viewed as such. A Petition for a three-month Extension of Time is attached making this response timely filed. Please amend the above-identified application as follows:

**Amendments to the claims** are reflected in the listing of claims, which begins on page 2 of this paper.

**Remarks/Arguments** begin on page 7 of this paper.
